What do we do?

Developing strategies to integrate health literacy throughout Children's Mercy.

Mission:

To partner with patients, families and staff to promote understanding of health information in order to make health care decisions that achieve safe and effective outcomes.

Vision:

Be leaders in advancing Children's Mercy as a health literate organization.

Purpose:

To support the Children's Mercy organization in all aspects of health literacy by:

- Educating staff about health literacy (including health literacy principles, tools & language).
- Providing a health literate infrastructure that promotes health literacy in all aspects of business and care.
- Engaging staff and volunteers in the health literacy process (patient-staff/ staff-staff).
- Promoting and improving effective, useable communication to enhance collaboration, engagement, outcomes and satisfaction
- Empowering patients and families in self-care through increased knowledge, confidence and communication in making health care decisions.
- Include health literacy as an aspect of delivering safe, effective and equitable patient care.
